

NEW

GRACE • GIRLS

for TEENS

Introducing a new stream to Grace Conference, exclusively for girls aged 13–18. Grace Girls will now have separate sessions with their own keynote speaker, and workshops that connect with life, growth, faith and culture as a teen seeking Christ.

KATE STACE

Kate lives in Sydney with her husband and works at Vine Church! She became a Christian at 16 after her sister and a friend took her to youth group.

She loves baking desserts, playing the drums, wearing big earrings and watching dog videos on Instagram. Kate's favourite Bible verse is Ephesians 2:8 and she loves that God freely offers us His grace.

WENDY LIN

Wendy is a theology graduate, ministry wife and mother of three. She loves Christ, reading, reviewing books, speaking from the Bible, thinking through

Christian living issues, and being involved with various ministry-wife networks. Wendy and her husband are involved in marriage & parenting ministries.

SUZIE SMITH

Suzie is married to Des and they have four children. Before moving to Adelaide in 2017, they spent 7 years in Tassie where Suzie was involved in

teaching, training and discipling students with AFES at the University of Tasmania. Suzie loves spending time with people, eating tasty international foods, good films and fiction.

If you've ever longed to know what God says about how to truly live to the full both for today and into the future, then you'll love the book of James.

Join Suzie Smith, Wendy Lin and Kate Stace as they dive into this practical and challenging part of God's Word, helping us to see how to live life to the full each and every day for His honour and glory.

WORKSHOPS

You can attend one workshop elective from a choice of around 25 on a variety of topics. Teens attending Grace Girls will have their own workshop stream. For details of each workshop, visit www.graceconference.org.au.

Spaces in workshops are filled in order of registration, so be quick to **register & select your preferences online by 19 May**. On-the-day registrations are not possible.
